HOW TO PARTICIPATE

The Brainstorming Groups will have one or two session leaders throughout to guide the tasks at hand. Plan to visit *several groups* to contribute your input.

Each group will work for about 50 minutes, then break to allow you to rotate to another group.

If you have special talent in one area you might stay in that group...

If you have children (not below 13) joining you for the overnight campout, they need have adult supervision at all times. The "round robin" meeting plan will allow you to split time for participating in the meetings with a spouse, relative or friend.
